

P C Industries, LLC

Remanufactured Engine Warranty

P C Industries, LLC (PCI) warrants its remanufactured engines for a period of one year on new and remanufactured parts and six months on labor.

PCI warrants its remanufactured engines according to the following schedule.

PCI must first be notified of any engine failure before any inspection or work is performed.

Defective or malfunctioning new and remanufactured parts will be replaced or repaired at no charge for a period of one year including progressive damage to the engine concerned provided the repairs are performed during regular hours.

Engines not installed by **PCI** will be warranted for the same period of time, providing **PCI's** designated representative performs the start-up report and sea trial report (if marine application) of the engine and sends by fax or email a copy of the report to **PCI** within 24 hours after the engine is put into service.

In the event of a warrantable failure, all costs and expenses associated with performance of repairs, such as overtime, travel time, transportation, lodging, freight, etc. are the responsibility of the owner of the engine.

Warranty period shall begin on date of delivery to customer.

This warranty covers only conditions resulting from defects in material under normal use and service.

This warranty does not cover: conditions resulting from misuse, negligence, alteration, accident, or lack of performance of normal maintenance services; any engine which shall have been repaired by other than **PCI** or its designated representative so as in any way, in the judgment of **PCI** to affect adversely its performance and reliability; the replacement of maintenance items (such as filters, belts, and air cleaners) made in connection with normal maintenance services; loss of time, inconvenience, loss of use of the engine or other consequential damages.

The repair of defective parts qualifying under this warranty will be performed by **PCI** or their designated representative within a reasonable time using new or rebuilt parts.

The owner is responsible for the performance of regular maintenance services.

All remanufactured engines are shipped with temperature markers. The removal of this marker from its original location will void all warranties.

THIS WARRANTY IS THE ONLY WARRANTY APPLICABLE TO PCI REMANUFACTURED ENGINES AND IS EXPRESSLY IN LIEU OF ANY OTHER WARRANTIES, EXPRESS AND IMPLIED, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. PCI DOES NOT AUTHORIZE ANY PERSON TO CREATE FOR IT ANY OTHER OBLIGATION OR LIABILITY IN CONNECTION WITH THESE ENGINES. PCI WILL NOT BE LIABLE FOR CONSEQUENTIAL DAMAGES RESULTING FROM BREACH OF WARRANTY.
